Everything that we said flew over your head  
Live your life at the end of a runway  
You were so head strong, never could be wrong  
Things could only go, just one way  
Here's some news for you, I don't think you'll like the  
truth, no  
When your ball begins to roll, will you be able to pay the  
toll, man now  
And when your ball begins to roll, will you be able to  
pay the toll, man now  
The bridge is burning hot on your heels  
You're the one that's burnt, well how does it feel?  
You ought a teach us to boss the pro  
But your all time high just became your worst low  
Here's some news for you, you tied your own noose,  
yes you did  
When your ball begins to roll, will you be able to pay the  
toll, man now  
And when your ball begins to roll, will you be able to  
pay the toll, man now  
Everything that we said flew over you head  
Live your life at the end of a runway  
You were so head strong, never could be wrong  
Things could only go, one way  
Here's some news for you, I knew you wouldn't like the  
truth, no  
When the ball begins to roll, will you be able to pay the  
toll, man now  
And when your ball begins to roll will you be able to pay  
the toll man now (x2)  
Now
