Master p(o'dell):

Ya know what(I miss you)

Its' like, uh? how many times(I really miss my homies)

We must go through this how many records we gotta  
make like this

(I miss you) but ya know what?

It seem like uh? it's a never ending game

All right p(I miss you) to all the fallen soldiers out there

(I'm prayin for you homies)

And big ed, people, cory green(I miss you) rest in  
peace

Big ed:

I'm fightin tears back, the lord knows it hurts

All my family dressed in black, cause a love one rising  
to ? ? ?

Reminising on good times, some bad times too

But I gotta keep on smiling cause he would want me to

But it's hard to accept this loss

It's drivin me crazy, see my aunty suffer the death of  
her only male baby

(be strong)

I'm at your funeral strapped, ready to kill

I look in the eyes of my new born and they told me to  
chill

I will always keep you with me

Cory can ya hear me

I feel cheated but to cope I keep, pourin out henney

Your youngest sister took it the hardest

Couldn't let go of your casket

Begging you to come back, times are gettin so drastic

I spoke at your funeral and broke all to peaces

Tears overflow from friends, nephews and nieces

Your girlfriends is pregnant, so you left your mark

And to al our memories I'll keep them close at heart

O'dell:(x2)

I miss you

I really miss my homies

I miss you

Mac:

I remember we used to sit in class  
We was either yappin bout rappin or lookin at some ass  
Talkin bout one day we was going to make it in this rap  
game  
Like normal teens we was young, black and broke  
So all we had was dreams  
You got a record deal and that's when everything  
changed  
You started, hanging with the wrong niggas and  
thangs  
I wasn't trippin when you saw me, I still smoke and say  
wooo  
It's funny how you never really get a chance to say  
good bye  
Cause you never know when they gone go  
We was suppose to do ? ? ?  
But I remember your last night  
Some nigga told me mac your boy, daddy all gone and  
I said ya right  
Next day it was official(official), give me some tissue  
I'm a g, but still I miss you  
May God be with you

O'dell:

I know it's a dream but I wish you could come back to  
me,homey(my homey)  
But your long gone away, so I'm missin you  
I miss you  
I really miss my homies  
I miss you  
I miss you  
I'm prayin for you homey  
I miss you  
(I miss you)i miss you  
(I miss you)i really miss my homies  
(I miss you)i miss you  
(I miss you)(ohh ohh)  
I miss you(ohh ohh)  
I'm prayin for you homies(ohh ohh ohh)  
I miss you(ohh ohh)  
(ohh ohh ohh)
