Still born by mercy
I fall to the floor
I have no excuses
I have nothing more
Forever in slavery
Bonded by chains
Silently waiting
For all that all that remains

Your perfect kiss
It's dying
Your secret desire
Blessed is the motherland
Safe for little children

No trace of obsession
Binds me to this
You feel my flesh

And I taste your kiss
Burning temptation
So pure and so pale
Lovers for ever
In secret secret desire

Your perfect kiss
It's dying
Your secret desire
Blessed is the motherland
Safe for little children

No trace of obsession
Binds me to this
You feel my flesh
And I taste your kiss
Your kiss...
