

Big Electric Cat "Transience"

Visit "[Transience](#)" on MotoLyrics.com

And you chase the drowning horses
Into an endless sea
Turning in the circles
To find insanity
Darker than a thousand days
A thousand ways to leave
And you cut them into fragile shapes
Of wasted luxury
Do you still remember
The passing of your soul?
Carve the name eternity
For everyone to hold
And she comes to me in innocence
She's screaming like a dove
Opium and memories to her are only love
