Night Time, (Fight For Your Love)  
by Big Fat Snake.

I am falling  
Sky is crawling

chorus.  
Too many things, up in my head  
Too many words that I ain't said  
And a flickering voice, nothing but noise  
And the world as I knew it  
Came down

Boys are grooving  
I ain't moving

chorus.  
Too many things, up in my head  
Too many words that I ain't said  
And a flickering voice, nothing but noise  
And the world as I knew it  
Came down

I'm waiting, only waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
Yeah

(Waiting, waiting, waiting for the night time)

I'm still falling  
Sky is crawling

chorus.  
Too many things, up in my head  
Too many words that I ain't said  
And a flickering voice, nothing but noise  
And the world as I knew it

Came down

I'm waiting, only waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
Yeah

(Waiting, waiting, waiting-waiting, waiting-waiting)

I'm waiting, only waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
For the night time (night time)  
Until the sun don't shine  
I'll be waiting  
For the night time

The night time, the night time baby, the night time  
The night time, the night time, the night time
