oh yea,oh yeah,oh yeah  
Whenever the world puts me down  
Down on the ground  
When i need somebody to talk to, you come around

When im restless  
When nothing feels right  
oh so restless  
I cant sleep at night  
I know what to do  
Cause i got you  
yea You seem to be the answers to my prayer

Whenever the world puts me down  
Down on the ground  
When i need somebody to talk to, you come around  
Whenever the world puts me down  
I turn to you  
And you make me feel alright  
at the speed of your sound

When im out there  
When things aint good  
When im out there  
And i dont feel understood  
I know who to call  
Cause you know it all  
You seem to be the answer to my prayer

x3  
Whenever the world puts me down  
Down on the ground  
When i need somebody to talk to, you come around  
Whenever the world puts me down  
I turn to you  
And you make me feel alright  
at the speed of your sound
