Multi-million dollar market they're our prisons
Keep the menace off the streets we don't need them
Build bigger better prisons for our children
Beat em, bash em, fucking rape them hail our system
They declare war on drugs what a joke
Fucking Bush dropping bombs snorting coke
CIA sells the crack industry
They allow all the drugs in the country
What the fuck is going on
Hopes of a future are gone
Using our taxes for bombs
When children live in slums
There's no money for schools
The poor are treated like mules
Equal opportunity is bullshit
When the rich rule all markets
Its a wonderful life
Its a wonderful life
Its a wonderful life
Its a wonderful life
Work real hard and break your back you're still poor

Pimp your ass for a loaf of bread you're a whore
Politicians lie and cheat all the time
Fuck your mother for a nickel or a dime
Buy their products and their food they're the best
Eating all their chemicals grow a breast
Rape the land, pollute the seas just for profit
Killing man with their disease causing havoc
What the fuck is going on
Hopes of a future are gone
Using our taxes for bombs
When children live in slums
There's no money for schools
The poor are treated like mules
Equal opportunity is bullshit
When the rich rule all markets
Its a wonderful life
Its a wonderful life
Its a wonderful life
Its a wonderful life
