I cannot hold this anymore  
My hands are tired of only waiting to let go and I am  
waiting  
Still  
I used to know which way to turn  
You were a light inside a tunnel in my head  
I try to follow  
Still  
I try to follow still

It's hard to see you we are older now  
And when I find you, you just turn around  
This is a black and white of you I found  
I hang you up and then I pull you down  
I hang you up and then I pull you down

No more apologies from me  
My arms are tired of picking up what I put down  
You're all I think of  
Still  
Don't say a kind word to my face  
I turn my back on anyone who won't believe and it gets  
lonely still  
It gets lonely still

It's hard to see you we are older now  
And when I find you, you just turn around  
This is a black and white of you I found  
I hang you up and then I pull you down  
I hang you up and then I pull you down

If there is no try  
Then don't you think it's time  
That you sent me a sign  
And you won't have to look for the words  
'Cause they were always mine  
(Always mine)

It's hard to see you we are older now  
And when I find you, you just turn around  
This is a black and white of you I found  
I hang you up and then I pull you down

It's hard to see you we are older now  
And when I find you, you just turn around  
This is a black and white of you I found  
I hang you up and then I pull you down  
I hang you up and then I pull you down  
I don't hear music anymore  
My ears are tired of all the pictures and the words and  
you are in them  
Still  
You are in them still
