(Background Music & Vocals)

Reina de mi vida

I love you with my heart

Ever since the first day

Back from the very start, that we met

Your so lovely

I had to make you mine

Your breathtaking like an angel

You had me hypnotized

Me recuerdo, todos los tiempos

The times we spent together

Nuestro amor sincero

I promise you my angel

I'll be right by your side

Me and you por vida

A love that never dies

I vow on my knees

To always prove my love

Heres a ring with a diamond

Lets unite as one

You know that I miss you girl (that's right)

You have my heart hasta que yo muera

From now until I die

Baby girl cause I love you always and forever

Espera mija, dame tu mano

Don't be sad your not alone

I love till death I'll protect you with my soul

I'm your gangster
For you I will kill
Cementerios I will fill with the hollow chrome

(Chorus): I am gangster and I'll be there everyday for
you girl
I am a gangster and I don't want to lose your love baby
I am a gangster oh how I love you and need your love
baby
I am a gangster and how I thank you for being my lady

I wrote this song just to let you know
This feelings inside coming from me corazon
My desire is to live and to die by your side
And to love and worship you untill the day I die
Sexy girl don't doubt me
Try not to doubt my love
Cuz I'm gratefull to the lord for sending you up from
above
Into my path of destruction
Girl you saved my life
I was a killer from my vario with the devil by my side
I was lost by the darkness a gangster with no soul
Smoking pinche yeska rollin with the quatro four
Then all of a sudden you came in my vida
Showed me that you cared
That day I realized you were something special with my
life
Was something I wanted you to share
Intellemente yo soc en la muerte
I'll give you my soul now and forever
I'm your gangsta I'll never let you down
If anybody fucks with you I'll shockem blastem to the
ground
