### "The Rains Came"

The rain keep falling  
And tears keep coming down  
I couldn't find my darling  
I wonder if she's left this town  
Rain, rain, rain, rain  
I like to see my girl again  
You broke my heart  
And caused me so much pain  
Rain, please, rain  
Don't cause me so much pain  
Rain, please, rain  
Let the sun shine once again  
Rain, rain, rain, rain  
My pillow's soaking wet  
Here it is, in the morning  
She's not home yet
