Driving in my big black car  
Nothing can go wrong  
I'm going and I don't know how far  
So, so long.  
Maybe I'll sleep in a Holiday Inn  
Nothing can hurt me  
Nothing can touch me  
Why should I care?  
Driving's a gas  
It ain't gonna last.  
Sunny day, highway  
If it rains it's all the same.

I can't feel a thing  
I can't feel a thing  
I've got a big black car.  
Nothing can hurt me  
Nothing can touch me  
Why should I care?  
Driving's a gas  
It ain't gonna last.  
The lights above, oh yes.  
I see the stars above
