(G. Johnson, C. Johnson)

Where did the time go  
I swear that I don't know  
Turn and look behind  
What you think you're gonna find?  
Be careful what you say  
You said you were mine today  
Scatter your seeds along the road  
The wind come blow them away

Round and around  
And around and 'round it goes  
Round and around  
And around and 'round I go

Gotta get bolder  
Before I get older  
Swear the face is laughin'  
Over my shoulder  
Everything I got  
Is all I have to give  
And I swear I won't get caught  
With no time left to live

Round and around  
And around and 'round it goes  
Round and around  
And around and 'round I go  
Round and around  
And around and 'round it goes

Where did the time go  
Look back in sorrow  
Gotta use my time today  
To straighten out my tomorrow  
Runnin' along the road  
Cause walking is much too slow  
And I won't have time to rest  
'Til it's time to go

Round and around  
And around and 'round it goes  
Round and around  
And around and 'round I go
