

Big Star "Slut"

See that girl
Watch her dance
If I knew her name
I wouldn't have to
Sit on my hands

If my mouth don't work
I get some help
And she don't mind
If I don't keep my hands
To myself

You're all right
You put up such a good clean fight
I'm afraid that you lose tonight

Slut
She may be a slut
But she looks good to me

You're so clean, so refined
You don't care to get messy
Just to have a good time

She's got saggy thighs
And baggy eyes
But she loves me in a way
I can still recognize
