Waste into the shadows
Chase away the demon
Looking for the answer
Always gonna need one now

I've got to tell you
When you're always running
There's nowhere you can hide
Under the gun, feel the
Fear inside you now, yeah

Cause we are living in
A crazy, crazy world
You know you really got to
Wonder what's going on

We're living in
A crazy, crazy world
You know you only got
One time around, yeah

Why should I believe you
When everything you tell me
It's not the truth
You're really trying
To sell me now
Just keep on moving

Right along the ledge
Got nowhere left to hide
Don't know where you're headed
Feel the fear inside you now

Cause we are living in
A crazy, crazy world
You know you really got to
Wonder what's going on

Living in a crazy, crazy world
You know you only got
One time around

Though we're going crazy
We see the light of day anyway
Even though it's hazy
It's never too late
Don't make me wait

You know we're living in
A crazy, crazy world
You know you really got to
Wonder what's going on

Living in a crazy, crazy world
You know you only got
One time around

Living in a crazy, crazy world
You know you really got to
Wonder what's going on

Living in a crazy, crazy world
You know you only got
One time, one time around

Living in a crazy, crazy world
You know you really got to
Wonder what's going on

Living in a crazy, crazy world...
