[Verse 1]

If I could, take a trip, to outer space  
She would be the one, I will see  
When I get, to heavens gate  
She would welcome me with her arms, open wide, and  
a smile  
Will shadow me brighter than the sun  
She hasn't had a fair chance, so I'll give her one  
Let me tell you who she is, yeah

[Chorus]

She's a fallen angel, sent from heaven up above  
She's a fallen angel, waitin for me to love her, yeah  
(Know that shes) she's a fallen angel, take your  
judgment off her  
I know, that she's a fallen angel

[Verse 2]

You know, I should  
Help her mend, her broken wings  
So she can fly again  
But I don't, wanna lose everything that I've gained  
Turnin me a selfish man (oh)  
Cause without em my heart just don't go, no more (no  
more)  
I couldnt take the pain, from watchin her fly away  
So say that you'll stay  
She's mine

[Chorus]

She's a fallen angel, (ooh) sent from heaven up above  
She's a fallen angel, waitin for me to love her, yeah  
(Know that shes) she's a fallen angel, so take your
