I think I'm sick

I think I'm sick

I think I'm sick

I think I'm sick

~~~[English Translation]~~~

It's been a while. Seems like you're doing better since  
I've seen you last.

You got prettier too, though you always looked  
beautiful in my eyes

But you seem a little different today; you seem  
unusually cold

The gaze you put on me is full of pity  
In front of you, I look small  
I act like it's fine, I try to change the subject.

I have a lot I want to ask, but you cut me off.  
Your hair flows in the wind, and it hits me on my cheeks  
and leave.

You turn around and leave just like that,  
would I look silly if I try to hold you back?

I can't think of anything to say.  
Trembling, you take two steps back.  
Your words that you are afraid of me  
You are the one that makes me crazy

I love you, baby I'm not a monster  
You know the old me  
When the time passes, I will have to disappear  
You'll know then

I need you, baby I'm not a monster  
You know me  
It ends,  
but if you leave me like this, I will die.

You say, let us be together forever no matter what  
happens.  
You say, let us be together when we're happy and when  
we're sad.  
You don't (won't) say that tomorrow..  
I say, let's love today as if it's the last day.

Yo, the world without you is like a capital punishment  
The world doesn't go correctly without you  
Your existence has become an incurable illness for me  
Everyone may look at me with judging eyes,  
but what really hurts is the fact that you have become a

part of that  
'everyone.

I love you, baby i'm not a monster  
You know the old me  
When the time passes, I will have to disappear  
You'll know then

I need you, baby i'm not a monster  
You know me  
It ends,  
but if you leave me like this, I will die.

Don't go, Don't go, Don't go, Don't leave me  
Don't do this, Don't do this, Don't do this, You don't  
seem to be yourself  
Still far apart, With love still divided

Don't look for me, Don't look for me, Don't look for me,  
Don't look for me  
Don't do this, Don't do this, Don't do this,

Please remember the me that stood next to you  
Please don't ever forget me

I love you, baby i'm not a monster  
You know the old me  
When the time passes, I will have to disappear  
You'll know then baby

I need you, baby i'm not a monster  
You know me  
It ends,  
but if you leave me like this, I will die.  
I'm not a monster.

I think I'm sick,  
I think I'm sick.

I think I'm sick,  
I think I'm sick.
