Your eyes are hangin'  
Your lips are dry,  
And I don't have to  
Wonder why..  
I could say nothing,  
I could say some  
I'd say a lot  
And more to come  
And sometimes  
It's not all bad  
What's going  
Down the drain  
Come take a walk  
With me  
Out into the  
Summer rain  
I walk beside you,  
I'm kind of cold.  
I really need,  
A hand to hold.  
And I'm no joker  
I'll make no move  
Not when I'm all outside  
Of the [groove?]  
And sometimes  
It's not all bad  
What's going  
Down the drain  
Come take a walk  
With me  
Out into the  
Summer rain  
Pause.  
It's not all bad  
What's going  
Down the drain  
Come take a walk  
With me  
Out into the  
Summer rain
