[Verse 1]

Baby girl you're all  
That I'm thinking of  
You put this feelin inside of me  
It says you are the one  
Yeah, the only one  
I couldn't help myself but put it in words  
You are the sunshine in my life, girl  
And you know, I'd say it over again  
Nothin could ever tear us apart  
Lemme tell you babe

[Chorus]

All of my life I've been searchin for that one  
And now that you've come to me I don't have to run  
Chasin' all the girls while I'm hangin' with my crew  
Now it's all about just me and my boo  
Everyday 'n everynight it just goes on  
That's how much love I have for you girl I'm so sprung  
Baby this was meant to be, it's such a blessin'  
Cuz we will be together, forever

[Verse 2]

As I look above  
Thankful for your love  
Two thirty you will be callin' me  
When I pick you up  
We'll go to the park  
Ain't nothin better than being with you girl  
You are the sunshine in my life girl  
And you know, I'd say it over again  
Nothin could ever tear us apart  
Let me tell you babe

[Chorus]

All of my life I've been searchin for that one  
And now that you've come to me I don't have to run  
Chasin' all the girls while I'm hangin' with my crew  
Now it's all about just me and my boo  
Everyday 'n everynight it just goes on  
That's how much love I have for you girl I'm so sprung  
Baby this was meant to be, it's such a blessin'

Cuz we will be together, forever

[Bridge]

Bein' inside of you is so heaven in my heart  
The way you say my name I know you feel the same girl  
you are my one  
And the only one  
That's why you're my baby  
And this is what I have to say...

[Rap GD]

Yo, listen  
I love you down in every way  
It doesn't matter baby everyday  
From the bottom to the top have it'cho way  
It's all about the way you feel baby  
Wanna make it like extacy  
To where you're sayin' my name softly  
And we can take it down south baby  
Any freakin' route as long as you and I can be as one,  
hey

[Rap T.O.P]

You know I do it all for you you're my boo that's true  
wanna let the world know you're my baby  
Got a lotta love comin' from above and I thank him  
everyday, it's the T-O-P  
I don't wanna be without your love  
Through the push 'n shove you're all I ever wanna be  
thinkin' of

[Chorus]

All of my life I've been searchin for that one  
And now that you've come to me I don't have to run  
Chasin' all the girls while I'm hangin' with my crew  
Now it's all about just me and my boo  
Everyday 'n everynight it just goes on  
That's how much love I have for you girl I'm so sprung  
Baby this was meant to be, it's such a blessin'  
Cuz we will be together, forever
