Mmm, mmm, mmm, mmm  
Mmm, mmm, mmm, mmm

I've got something I  
Need to talk to you about  
Dealin' with your relationship  
And the things you do

See, what I can't understand, uh  
Is how you call yourself a man  
When you don't treat your women right  
And you think everything is cool

How you gonna set up a date with her  
And just stand her up and try  
To come up the right excuse why  
Till she tells in your lie

She don't even tell you about when  
You do things to hurt her feelings  
All she does is hold it inside  
Then she calls me up and cries

Even though (Even though)  
You may not think so  
She really cares for you  
And will be there for you (Ooh, ooh)

But even though (Even though)  
She may not say so  
If you don't get it together (Together)  
She'll look for someone better

I don't wanna make it seem like  
I'm just checkin' up on you  
But is she decides to leave  
I promise you'll be questionin' in me

Askin' me where she at and  
If she found another man and  
If I try to get her back

Will she be willin' to give me another chance, yeah

Now if you was handlin' business  
You wouldn't have to worry about this  
And you and I wouldn't even  
Be havin' this talk right now

I don't care what you gotta say or do  
So make it better 'cause I know that you  
Know that I know  
That she ain't someone you want to lose

Even though (Even though)  
You may not think so (No)  
She really cares for you (She cares for you, oh)  
And will be there for you (There for you)

But even though (Even though)  
She may not say so (She may not say so)  
If you don't get it together (Get it together)  
She'll look for someone better (Yeah, yeah, yeah,  
yeah, oh)

So what I'm sayin', just stop playin'  
And make sure you treat her right  
If you don't she'll be gone  
And you'll be the reason why

If you love her then you better  
Find some way to let her know  
'Cause I would hate to have to be the one  
To say I told you so

Even though {Oh, yeah}  
You may not think so {Yeah, yeah,, yeah}  
She really cares for you  
And will be there for you (Said even though)

But even though  
She may not say so (She may not say so)  
If you don't get it together (Get it together)  
She'll look for someone better (Damn, even though)

Even though (Yeah)  
You may not think so (May not think so)  
She really cares for you (She cares for you)  
And will be there for you (And there for you, yeah,  
yeah)

But even though  
She may not say so (She may not say so)

If you don't get it together (Get it together)  
She'll look for someone better (Someone better)
