YYYYYYYOOOOOOO!!!!!! This LiL G-ReG  
and Danny Randolph

(Randolph)

I used to see her every night  
and dream about her when she was out of sight  
I would fight through the pain with all my might  
I used to love her  
and NOW I HATE HER!!!!!!!

(G-ReG)

Yo Yo I don't know what to say  
He gotta pay  
and stay  
and cook a fillet  
or maybe a soufflet  
its ok  
i got yo back if you become gay  
that would be the day

(Randolph)(Chorus)4x

Who are you  
and where did you come from and  
what you doing now  
no one cares, your a thousand miles from here

(G-ReG)

Who is she man  
She can't fight through the shame that I got game  
and you in the hall of fame  
and when you asked her she came

(Chorus 5x)
