Think of all those fucked up years when you,
Used to be just a kid, and how everybody,
Controlled your mind and made you do things you
didn't want to,
Now you have grown,
You can change it all but you're a loser.
You got no pride, you're a puppet, a loser,
You got no pride, you're a loser,
You got no fuckin' pride.

Fight, that's right, fight the fighter,
Fight, that's right, fight the fight.

You didn't want to go school,
But you had to, 'cause there was always.

Another scream,
Another slap,
Another hit,
And you had to shut your mouth,
Another scream,
Another slap,
Another hit,
And you had to shut your mouth.

Don't try to justify yourself,
Looking for someone to blame,
Those violent scenes were hard, I know,
But it was you who took that road,
You getting get on better road,
'Cause your running all the time,
What the fuck are you thinking?
What the fuck are you thinking about!

Another scream,
Another slap,
Another hit,
And you had to shut your mouth,
Another scream,
Another slap,
Another hit.
