As long as there's a will of change,
We're gonna find a way,
As long as there's a will of change,
We're gonna find a way,
As long as there's a will of change,
We're gonna find a way,
As long as there's a will of change,
We're gonna find a way.

To have a beer whit my friends,
I wanna laugh at their dumb jokes,
To have a beer whit my friends,
I wanna laugh all damn night long.

1, 2, 3, go!

Mickey don't go, please don't go away,
We'll try to find another way,
Mickey don't go, please don't go anywhere,
Mickey don't go, please don't go away,
We'll try to find another way,
Mickey don't go, please don't go anywhere.

As long as there's a will of change,
We're gonna find a way,
As long as there's a will of change,
We're gonna find a way,
As long as there's a will of change,
We're gonna find a way,
As long as there's a will of change,
We're gonna find a way.
