Hey, Virginia

I know it'll come out right

When I look into your eyes

It's something in you

Doing it to me

My knees start to shake

My hands start to perspire

Every time that you say wait

Lord, I think my belt will break

Virginia, touch me like you do

Touch me like you do

Like you do, like you do

Like you do, like you do

Like you do, aw, yeah

Babe, believe me

The only time I fall apart

Is when I hear you

Make those sounds

Don't ever leave me

When you're around

My feet hesitate

Voice starts to verberate

When I finally get a chance

You always wanna

Get up and dance

Virginia, touch me like you do

Touch me like you do

Like you do, like you do

Like you do, like you do

Like you do, aw, yeah

La la la la...

Virginia, touch me like you do

Touch me like you do

Like you do, like you do

Like you do, like you do

Like you do

Hey, Virginia

I know it'll come out right

When I look into those eyes

It's something in you

Aw, but it ain't me

My voice start to break

My feet starts to perspire

Every time you say wait

My whole body starts to shake

Virginia, touch me like you do

Touch me like you do

Like you do, like you do

Like you do, like you do

Like you do, like you do

Like you do, like you do

Like you do, like you do

Like you do, aw, yeah
