May I, may I

May I have your love
May I be your boy
May I speak with you
May I bring you joy

Girl, I've been searching
For someone like you

May I have your kiss
On a night like this
Touch your hand in mine
Such a thrill divine

Girl, I've been searching
For someone like you

Well, I've said everything
That I can say
Done everything that I can do
For you, girl, oh, yes, I have
So in love with you

May I have your love
May I be your boy
Touch your hand in mine
Such a thrill divine

Girl, I've been searching
For someone like you

I'm gonna walk with you
Girl, I'm gonna talk with you

May I be your boy
Gonna bring you joy

May I, may I, may I...
