I'm heading upstream  
And chasing after my dream  
You oughta come, you say

But in my canoe  
It's much harder with two  
And I can't paddle that way

Oh, you say let's marry  
And promise you'll carry  
Your sail alone

Girl, can't you take it  
Until I make it  
Life is a real bumpy road

[CHORUS]  
Nothing succeeds like success  
And I guess, I wanna be  
Just like all of the rest  
Like all the rich men  
Who have been blessed  
Nothing succeeds like success

I'll sympathize with  
All the tears in your eyes  
But, baby, I can't stay

I've got a date with success  
And unless I make it  
I won't pay

And when I get up to  
The top of the ladder  
Baby, I'll look down

I'll reach out my hand to you  
I'll try to pull you through  
I hope you'll still be around

[Repeat CHORUS]

And when I get up to  
The top of the ladder  
Baby, I'll look down

I'll reach out my hand to you  
I'll try to pull you through  
I hope you'll still be around

[Repeat CHORUS 2x]
