A train to nowhere
I walk around and I tried to hide
'Cause your eyes, they're telling me good-bye

I drive my car, hear the radio
Playing songs that go
Round and around in my mind

Why can't you believe that I'm right?
Why can't you realize there are feelings inside?

A train to nowhere that we are riding
We're riding over and over again
A train to nowhere

And we are gliding
A way that never may happen again
A train to nowhere

So late at night when I want you home
You said no
I would like to stay alone

What have I done that you turn this way?
What has happened to us?
Now our love has gone

Why don't you believe in your heart?
Why don't you agree to say sorry and hark?

A train to nowhere that we are riding
We're riding over and over again
A train to nowhere

And we are gliding
A way that never may happen again
A train to nowhere

Why don't you believe in your heart?
Why don't you agree to say sorry and hark

A train to nowhere that we are riding

We're riding over and over again
A train to nowhere

And we are gliding
A way that never may happen again
A train to nowhere

A train to nowhere that we are riding
We're riding over and over again
A train to nowhere

And we are gliding
A way that never may happen again
A train to nowhere

A train to nowhere that we are riding
We're riding over and over again
A train to nowhere

And we are gliding
A way that never may happen again
A train to nowhere
