Walk in the rain
Tryin' to wash away the pain
You went away
I made you cry so many days
Girl: Where two broken hearts gone to?
How can broken hearts find their way back home?
When nobody cares about you, and you're feeling blue
Come back and stay
Don't keep me waiting, baby
Come back and stay
Don't say good bye
Don't let my love die
Come back and stay
And try again
Don't walk away
For I'm still your man
Where are you now?
Where did you go?
Come back and stay
Don't keep me waiting
I'll miss you so
Walk in the rain
Thinking about the game I play
I am to blame
I lost my lovin' yesterday
Girl: Where two broken hearts gone to?
How can broken hearts find their way back home?
When nobody cares about you, and you're feeling blue
Come back and stay
Don't keep me waiting, baby
Come back and stay
Don't say good bye
Don't let my love die
Come back and stay
And try again
Don't walk away
For I'm still your man
Where are you now?
Where did you go?
Girl: Since I've been gone I've missed you
I missed your touch, oh, baby
Come back and stay

Don't keep me waiting , baby
Come back and stay
Don't say good bye
Don't let my love die
Come back and stay
And try again
Don't walk away
For I'm still your man
Where are you now?
Where did you go?
Where are you now?
