In the house of silence

In my dreams I met a girl  
Somewhere down the river  
She took me to an ancient house

She looked young but also wise  
Something made me shiver  
She was both dead and alive  
And I could see the ravens fly

In the house of silence far from here  
Distant voices coming out of the air  
The house of silence sends out tears  
Shadows dancing for a hundred years and they cry

You can't rescue me from silence  
From the cage of time  
You can't rescue me from violence  
And give me back the peace of mind

I saw her sleep but couldn't hear  
What the girl was saying  
And sadness filled the misty night

And then I tried to hold her back  
While she was slowly fading  
Bittersweet was her smile  
And I could see the ravens fly

In the house of silence far from here  
Distant voices coming out of the air  
The house of silence sends out tears  
Shadows dancing for a hundred years and they cry

You can't rescue me from silence  
From the cage of time  
You can't rescue me from violence  
And give me back the peace of mind  
(Give me back)

[Incomprehensible]

[Incomprehensible]

In the house of silence far from here  
Distant voices coming out of the air  
The house of silence send out tears  
Shadows dancing for a hundred years and they cry  
In the house of silence, in the house of silence
