I want you - now and forever  
- that's why did you do it!  
I miss you - now that you've gone  
- I'm not a type of girl to mess around with!  
I just called to say: I really love  
- You should have thought of that before!  
And girl, I do regret  
Every single word that I said.  
The night is so empty without you  
And loneliness falling upon my mind  
I'm trying to touch you in my dreams  
My heart is crying - baby  
Ooh, how I need you  
Ooh, how I need you  
I'm waiting every nighttime  
- My nights have been so lonely since you've been gone  
I'll kiss you and hold you tight  
- I dream about this feeling every night  
What I mean is: girl, I really changed now  
- I'd really love to believe you!  
I swear to you, I do! Girl, I'll never make you blue  
The night is so empty without you  
And loneliness falling upon my mind  
I'm trying to touch you in my dreams  
My heart is crying - baby  
Ooh, how I need you  
Ooh, how I need you
