Lover, lover of my heart.
It's not easy, no it's not easy.
All I remember from the start.
It's not easy, it's not easy to fall. To fall in love again.
There's no one else like you. How I miss you.
Why can't we just go on. Think about you.

When I kiss you. I know that it's true.
When I kiss you. I know I love you.
When I kiss you. I know that it's true.
When I kiss you. I know I love you.
When I kiss you.

Lover, lover of my life
Don't you leave me, no never leave me.
I want you always by side. Don't you leave me.
No never leave me alone.
I'll never let you go.
Come lay your love on me. How I miss you.
I hope you feel the same. I'm crazy for you.

When I kiss you. I know that it's true.
When I kiss you. I know I love you.
When I kiss you. I know that it's true.
When I kiss you. I know I love you.
When I kiss you.
