Got paid Â- heading out
Gonna give my boys my shout
It's Friday night and I'm feelin' alright
Not thinking of you tonight
Step into the club Â- not looking for love
Just looking for a girl because
It's Friday night and I'm feelin' alright
Not thinking of you tonight

See that girl on the floor
She wants to dance she wants to talk
I can feel you're girl's eyes all over my back
What we had is what you want but I don't want it like
that

CHORUS

(Oh oh oh oh oh oh)
It's just a weekend fling
It don't mean anything
Just a one time thing yeah, yeah
(Oh oh oh oh oh oh)
Just a weekend thing
No house no diamond ring
It was just a weekend fling

In my mind it's done
With a new girl tonight I wanna have some fun
Gotta let it go Â- I hold the reins coz I'm in control
(Getting freaky on the dance floor, you know what I
came for)
The way she moves her hips I know she wants to come
back
What she's got is what I want and it's as simple as that
(Keep moving you're hips girl, licking your lips girl)
She presses up against me and I start to push back
She says I know you like it
Do you wanna come back?

CHORUS

(Oh oh oh oh oh oh)
It's just a weekend fling
It don't mean anything

Just a one time thing yeah, yeah
(Oh oh oh oh oh oh)
Just a weekend thing
No house or diamond ring
It was just a weekend fling

You're the centre of attention
Maybe I should mention
I'm not a one girl guy
Here's you're invitation
Meet me on location
And we can dance all night

BRIDGE

(Sing along)
Weekend fling (that's right)
One time thing (just a one time thing)
Weekend fling (you're my weekend thing)
One time...

CHORUS

(Oh oh oh oh oh oh)
It's just a weekend fling
It don't mean anything
Just a one time thing yeah, yeah
(Oh oh oh oh oh oh)
Just a weekend thing
No house or diamond ring
It was just a weekend fling
(X2)
