Bells, bells, bells

Yes, I hear wedding bells

I hear bells each time I see

You passing by

They ring for me

I dream about the day

That you will say I do

Then I hear bells

Bells, bells, bells

Yes, I hear wedding bells

The doorbell rings

Could that be you

The schoolbell rings

When school is through

Each place I go

They ting-a-ling

Reminds me of our wedding ring

Bells, bells, bells

Yes, I hear wedding bells

Hold my hand

Hold it a little tighter

While we plan  
Our future's looking brighter  
You'll understand each time  
That I hear bells  
Ding ding ding ding ding  
I hear bells each time I see  
You passing by  
They ring for me  
I dream about the day  
That you will say I do  
Then I hear bells  
Bells, bells, bells  
Yes, I hear wedding bells  
Bells, bells, bells  
Yes, I hear wedding bells  
Bells, bells, bells  
Yes, I hear wedding bells
