You can do it, little girl  
You don't have to take the time  
For love to find you

And with music on your mind  
It's gonna be your time  
For you to show them

So there's no reason why  
For you to stand and hide  
And let the rhythm of the music  
Turn and pass you by

So if you're all alone  
There's things you gotta do  
To ease your mind

So, solo, little girl  
Solo round the world if you want to  
Just take it by yourself  
Just you and no one else if you want to

Solo, little girl  
Solo round the world if you want to  
While the music plays  
I know you'll find a way yourself

Ba ba ba ba ba...

So, solo, little girl  
Solo round the world if you want to  
Just take it by yourself  
Just you and no one else if you want to

Solo, little girl  
Solo round the world if you want to  
While the music plays  
I know you'll find a way yourself

Solo, little girl  
Solo round the world if you want to  
Just take it by yourself

Just you and no one else if you want to

Solo, little girl  
Solo round the world if you want to  
While the music plays  
I know you'll find a way yourself

Solo, little girl  
Solo round the world if you want to  
Just take it by yourself  
Just you and no one else if you want to

Solo, little girl  
Solo round the world if you want to  
While the music plays  
I know you'll find a way yourself
