I've been waiting for you for so long
What took you so long, couldn't you've left a note?
Don't let me down, don't let me down
The cancer is spreading inside me and the vultures are
watching me
so don't let me down
My best friend converted to Islam the other day
She said "I've always been on the struggling side
and on the opposite side of Bush, that's where I
belong"

And I belong to you 'cause my heart is red and I want to
sing along
You've already made your mind up
Don't tell me I am wrong
I know I'm not

Seven Fridays in a row when I'm with you
I said "Robert I like your hair"
he said "Friday I'm in love"
I said "I am too"
My best friend she'd like to share this bread with me
and with you and with everybody else
'cause on the bread sharing side, that's where I belong

I belong to you 'cause my heart is red and I want to
sing along
But you've already made your mind up
Don't tell me I am wrong
I know I'm not
