I saw you on TV Pablo
You were dressed like a girl
And I thought, I must come down and take care of you
I must come down and rescue you

Oh my god, She has lost it completely
And I don't know what to say
You didn't know the direction away from here
But you just found the way

I don't believe in Jesus Christ
And I don't believe in God
And I don't believe in anything
That makes you want to save me

I need a break
And I need a vacation
Take me away from the civilization
This year has been so rough to me
I do believe I've had enough, you see

I need time to spend with the ones I love
And I need to get away from you
'Cause I need love love love
Oh I need love
Oh I need love love love
Oh I need love
Whoa

I saw you on TV Pablo
I called my friends right away
And I said, "Turn on the TV now. Turn it on now,
Watch Billie the Vision
On the television!"

And I've never heard about you before
But I must say
You're responsible for the way I feel
'Cause I found a happy face in the mirror today

I need time to spend with the ones I love
And I need to spend time with you

'Cause I need love love love
Oh I need love
Oh I need love love love
Oh I need love
Whoa

And I didn't ask for forgiveness
So there is no use to forgive
I didn't ask for another letter from you
It's been takin' away my winter lip

I need a break and I need a vacation
Take me away from this civilization
This year has been so rough to me
I do believe I've had enough you see

I need time to spend with the ones I love
And I need to get away from you
'Cause I need love love love
Oh I need love
Oh I need love love love
Oh I need love
Whoa

I need time to spend with the ones I love
I need time to spend with the ones I love
And I need to spend time with you
'Cause I need love love love
Oh I need love (oh I need love!)
Oh I need love love love
Oh I need love (so much love!)
Oh I need love love love
Oh I need love (oh I need love!)
Oh I need love love love
Oh I need love
Whoa
