So watch my hips the steps that I take and the moves
that I make.
My sideburns are great.
I can dance like Elvis Presley.
They say I look like Elvis Presley.
The king is alive!
So take my hand and I will take yours.
Of course, lets get off course.
We don't need to behave ourselves, let us not behave
ourselves tonight.
Would you mind if I get naked? I only dance when I am
naked.

Stay awake with me I don't wanna go to sleep.

Do you know how much I need this?
Jennie is dancing on the table.
Freddie's asleep behind the sofa but he's still alive
I'm getting ready for the show this night's gonna glow.
And I am telling you my secret.
I like the place to which it gets me.
Jennie is dancing on the table.
She's throwing popcorns at the landlord, he's walking
outside.
This operation can not fail. I'm saved by the bell.
Open the window. I inhale. I'm saved by the bell.

Stay awake with me I don't wanna go to sleep.
So stay awake with me. Oh oh oh.
