I can't explain the way I feel, there is a pressure  
on my chest. I can't talk to you about this  
'cause I know what you would say. And I  
don't blame you. I know you wanna make me  
smile but don't, don't.

If all the memories were bad I could go on without a  
doubt. Death's been around since I was born.  
It's like a tapestry on my wall. And we've  
changed it a thousand times.

Pablo can you take me to the boats? Where the ocean  
meets the land and where the ocean meets my hand.  
Where I can feel the winds of change is a-blowing in.

You know I love you endlessly, this is not about that at  
all. I chose the safest path for you, you're still to  
young to understand. You're not a grown up yet.  
In this case I know I am so much older than you.

Pablo can you take me to the boats? Where the ocean  
meets the land and where the ocean meets my hand.  
Where I can feel the winds of change is a-blowing in.
