I'm breathing in try to exhale  
I'm trying hard to figure out what's going on  
I watch the news and I shake my head  
Lily says "It's insane, have you heard about the  
hurricane"

Been going down some rocky roads before  
but I never thought we'd experience a world war  
Watch your back Lily they're close behind  
Armed troops with machine guns and hand grenades

So wake up my love  
Wake wake up my love  
Wake up my love  
Wake wake up my love  
So wake up my love  
It's just a bad dream

The doctor said to me "You've got the HIV  
Your sons and your daughters got the virus too"  
The pope is after us wants to stab his cane trough me  
"You've got it coming this is justice the way it should  
be"

Jesus Christ Lily, I'm still shivering  
I dreamed about the hard rain he's talked about  
It's just a dream to me but I think eventually  
If we don't do something now it will come true

So wake up my love  
Wake wake up my love  
Wake up my love  
Wake wake up my love  
So wake up my love  
It's just a bad dream

So wake up my love It's just a bad dream  
Wake up my love It's just a bad dream  
No wake up my love It ain't a bad dream
