Lucky ladybug, lucky ladybug
Oh, lucky ladybug

[CHORUS]

Ladybug, silver dollar, rabbit's foot
With a four leaf clover and a horseshoe
Wishbone, shamrocks got me shook
Singing abracadabra in a cat's eye

I wonder, wonder if you love me
Guess I'll ask the star above me
When the moon is bright canary yellow
It'll really be amazing if
That crystal ball I gaze in
Says I'll always be your steady fellow

[Repeat CHORUS]

Though your words
Are smooth and soothing
Don't you feel it's time for grooving
Come on, daddy, rock me
While the band is blowing

Keep it cool my ducky wucky
Babydoll, our love is lucky
When you walk me down the aisle
We'll do it strolling

[Repeat CHORUS]

Stupid Cupid gave us fever
And an itchy twitchy feeling
And the green mosquito
Must have bit us

Got us rocking like two robins
Making moon talk and bobbing like
A firefly splishing and a-splashing

[Repeat CHORUS]

Lucky ladybug, lucky ladybug
Oh, lucky ladybug, oh, lucky ladybug
Oh, lucky ladybug, oh, lucky ladybug
