Little boy peddles his way
Through the tallest grass he can find today says
I can be taller than the tallest tree
If I can only find my way through this place
Little boy it catches his eye
As it floats off up into the sky says
Wonder when it will come down again
So Iâ€™ll climb on up that tree and pull it down for me

Yeah but the view from up here is so very very clear
And Iâ€™ll feel the fresh air
Wondering if life could be made for just you and me
Donâ€™t be so greedy
Yeah

A man says hi as he walks on by
And asks what itâ€™s like to touch the sky said
Itâ€™s kinda strange cusâ€™ it feels just like another day
So Iâ€™ll climb on down this tree and go back to being
me

Yeah but the view from up here is so very very clear
And Iâ€™ll feel the fresh air
Wondering if life could be made for just you and me
Donâ€™t be so greedy
Yeah

And you take it all in like some greedy little thing
And you say your prayers, but they leave you without a
care
Donâ€™t you see, itâ€™s not you and me
But a world to share
How boutâ€™ you take a breath of fresh air
