Keep missing the day
Time's un-noticed clock on the wall's unchanged
I keep wishing away
But time slips by this drifters dream today

It's six am it's time again
The morning fog makes breakfast in my bed
Sweet memories of this drifters dream
Creep up inside and say hi to me
Well you're not here, I'll see you soon
And until then time will stand still
And in your arms I'll fall asleep
Until this drifters dream's complete

Stay with me
And please don't leave
Yeah, I feel like I could scream

Remembering times when we were just friends
All the dinner dates and nights real late
Would add up to one big headache
Yeah in the end we're not just friends
And hope to stay together til' the end

Stay with me
And please don't leave
Yeah, I feel like I could scream

Remembering times I would walk on by
You would sit and barely notice me
Well consider this song
My way of helping us move along
I cannot speak
I cannot speak
I cannot move my feet
