Hey, baby, it's me
Listen, I'm gonna talk fast, this is long distance
Ya, I'm sittin' here at the Waffle House
Smothered and covered

Ya, precious just sat me down a glass of sweet tea
Made me think about you
No baby, she's a waitress, no, I don't know her
I never stopped in Texarkana before

Look here, the only thing standing between
Me and you now is 200 miles and a donut tire
Some cat named Dino is puttin' on to Sinclair next door

Hey, don't cry baby, oh, don't cry
Yeah, daddy's comin' home and this time
It's for good and girl I'm gonna, well
I mean, I'm gonna love you
What do you mean how long?

Forever and ever and ever and ever
Forever and ever and ever
Is that long enough for you?

Hey, baby, it's me again
Hey, you remember them drawers you left in the car
Yeah, the ones with the pink feathers around the edge
Then, don't you tell a soul but I got 'em on right now
And they're making me think about you

Yeah, I was thinkin' about you when the law pulled me
over
They said I looked like the kind of guy that might
Be hidin' somethin' and my car was swervin'
But I don't think he's ever seen a man wearing pink
panties
And under the influence of Merle Haggard

Now here it is baby, the only thing between you and me
Is 25 miles and a quick stop at the red dot
Say what? Oh, baby, I already told you
How long I'm gonna stay this time

Forever and ever and ever and ever
Forever and ever and ever
Is that long enough for you?

Forever, forever and ever and ever and ever
Forever and ever, is that long enough for you?
Forever, forever and ever and ever and ever

Forever, forever, is that long enough for you?
Forever, forever and ever and ever and ever
Forever
