I sit here in my lonely room  
Sunshine breaks the dusty gloom  
And spots the magazine on the table  
Your cover girl eyes burn right through me

I see myself in the looking glass  
I see some freak staring back  
Even though I know it's me  
It's the inside I wish that you could see

[Chorus:]  
Hearts like mine, Love girls like you  
Hearts like mine, love girls like you

I sit here in this cold steel chair  
The turns in life for some just don't seem fair  
When I roll over to the tv  
I can still turn you on

[Chorus:]  
Hearts like mine, Love girls like you  
Hearts like mine, love girls like you

Still I thank our lucky stars everyday  
That it's possible for some to have your fate  
I can hope that you'll find  
Someone with a heart just like mine

And Hearts like mine, Love girls like you  
Hearts like mine, love girls like you
