Smooth me over
Make it okay
Make it alright
Make it alright
Smooth it okay
Make it better tonight

Love me better
And make it smoother
Make it better
Make me feel
Take the demon
And be an angel
Break the bottle
And throw away the pills
And take the keys away

You can't fail me
Can't fail me
I can't fail me
Make it better
Be an angel
And break the bottle
It's your future tonight

Smooth me over
Smooth me over
Make it okay
Make it alright
Smooth it okay
And let me sleep tonight

Take the keys away
Break the bottle
Take the pain away
And lock the door
You have to fix me
The bottle broke me
Throw the pills away
I gotta sleep
You have to fix me
The bottle broke me

So I won't fail you
Smooth me over
Make it better
You'll have to scream at me
And make it right
Be an angel
And take this demon

And let me sleep tonight
