Last night, I lost the best friend I ever had  
Last night, I lost the best friend I ever had  
Ah you gone and left me  
That make me feel so bad

Now it's early in the morning  
And my love is coming down for you  
Early in the morning  
And my love is coming down for you  
I want you to tell me baby  
Baby what are we gonna do

Moon is rising, and the sun is going down  
The moon is rising, and the sun is going down  
I was looking for you last night  
But you was way over on the other side of town

I'm gonna wait till tomorrow  
They tell me every day brings about a change  
I'm gonna wait till tomorrow  
They tell me every day brings about a change  
I love you love you baby  
You know that's a cryin' shame

Moon is rising, and the sun is going down  
You know the moon is rising, and the sun is going down  
I was looking for you last night  
But you was way on the other side of town
