Some day boy you'll reap what you've sown  
You'll catch a cold and you'll be on your own  
And you will see that what's wrong with me  
Is wrong with everyone that  
You want to play your little games on

Poetry and flowers pretty words and threats  
You've gone to the dogs again and I'm not placing bets  
On you coming home tonight anything but blind  
If you take me for granted then you must expect to find  
Surprise, surprise

Valentine's day is over, it's over  
Valentine's day is over

If you want to talk about it well you know where the  
phone is  
Don't come round reminding me again how brittle bone  
is  
God didn't make you an angel the devil made you a  
man  
That brutality and economy are related now I  
understand  
When will you realise that as above so below there is no  
love

For the girl with the hour glass figure  
Time runs out very fast  
We used to want the same things but that's all in the  
past  
And lately it seems that as it all gets tougher  
Your ideal of justice just becomes rougher and rougher

Thank you for the things you bought me thank you for  
the card  
Thank you for the things you taught me when you hit  
me hard  
That love between two people must be based on  
understanding  
Until that's true you'll find your things  
All stacked out on the landing, surprise, surprise
