we are the children of the night, fight for the future of
our nation,
lets come together and unite,
nothings gonna stop us now!

we are the children of the night,
and fight for the future of our nation,
lets come together and unite,
nothings gonna stop us now!
Let the fire burn inside,
nobody can stop this generation
cos we're the children of the night
don't ever let them put you down!

get up, get up, get up
now is the time to change
get up, get up, get up
there is no time to waste
get up, get up, get up
don't ever let them put you down
get up
come along and join the scene
live your life like a rave machine!

we are the children of the night
and fight for the future of our nation
lets come together and unite
nothings gonna stop us now!
Let the fire burn inside,
