Ah, little Miss Fortune, hit me and I'm down
Little Miss Understanding, ran me out of town
Ah, little Miss Take, she don't understand
I'm in a bad situation, standing at the station
Turning around, 'round, 'round, yeah and facing home,
yeah

Ah, little Miss Dealing, sets you back a while
Ah, little Miss Freedom is bound to bring a smile
Ah, little Miss-ery, ah, has got to come and go
I'm in a bad situation, standing at the station
Turning around, 'round, 'round, yeah and facing home,
yeah, facing home

I want to get back home, down this long road
The way I'm going, I hope to see you before too long
Time is passing, time is full, full, oh, oh, yeah, yeah,
yeah

Gettin' on home

I said yeah, yeah, yeah, little Miss Fortune, hit me and
I'm down
Miss Understanding, ran me out of town
Oh, little Miss Take, you don't even understand
I'm in a bad situation, standing at the station
Turning around, 'round, yeah, I'm facing home, I'm
facing home

I'm driving home in the night, just to see my baby
I'm home, I love my baby, my baby loves me
Little Miss Fortune, now won't you leave me alone, oh
baby
