(Written by Simon Kirke)

If I kissed you when you least expect it  
And take you in my arms, just accept it  
If I tell you you're what my life's about  
When I call you up on the telephone  
I'm only loving you out loud  
And tell you that I'm feeling oh so alone

I wanna love you dear inside out(?)  
I'm only loving you out loud  
The times that we spent together  
Are the best that I've ever known

No matter what the future may bring, baby

It's loving you from now on, oh baby  
If I kissed you when you least expect it  
And take you in my arms, just accept it

If I tell you you're what my life's about, yeah

I'm only loving you out loud  
You know I'm only loving you out loud
