"Never To Late"

Last night, you said you didn't know what you wanted
Baby that's all right, I can help you see this one through

I know you won't leave him, you think it's all wrong
Why don't you open your eyes
You're so unhappy but you keep hanging on, so trust
me, baby and you'll see

Chorus:

It's never too late to change your mind - get out and
take what you need
It's never too late, so take your time - you (just) gotta
believe

One day, you'll look back and think you were crazy
There's no way, that's how it gets you sometimes

Right now, you can't let him go, there's something
inside you
I won't tell you, you should know, it's so clear, baby, I'm
right here

chorus

(Solo)

One day, you'll come running to me, it's just a matter of
time
I'm right here where you know that I'll be, so trust me
and you'll see

chorus repeats out...
